Comments: As Grafton adds homes along North Street, traffic becomes an increasing concern, particularly along the north side of North Street and intersection with North Street and Wesson Street. Many of the surrounding roads are narrow and lack sidewalks. I am concerned that additional traffic (potentially about 80 more local cars if two cars per household) will decrease the quality of life for those who live on North St and surrounding roads. The developer and town need to address these infrastructure issues to keep the neighborhood and roads safe for drivers and pedestrians alike.
